### What you send, and by when

- **Product:** one SKU, sealed and shelf-stable, 500 units (about 50 per office, sized to its Tuesday headcount) plus 50 reserve (550 in all), freight prepaid, to one Manhattan address we send when you sign. Ship by Tue 2027-01-26. Each unit with 60 or more days of shelf life on arrival.
- **Certificate** of product liability insurance, $1M per occurrence or more, adding us as additional insured. Product ships only when we have it.
- **Ingredient and allergen sheet**, logo files, and two sentences for the card: who makes it and why.
- **A discount code** or landing page for the QR.

If plans change: cancel before Tue 2027-01-26 for a full refund less $100; from then on we keep 50%, and from the drop day the full price is due. Product not here 3 business days before the drop moves it a week, free.

**STANDARD PRICE**

**$1,500** **10 offices, $150 per office; extra offices $150 each, same terms**

- 50% ($750) on signing, by bank transfer within five business days of our invoice.
- 50% on our placement confirmation: an email by the day after the drop listing each office where your product was placed, with its photo. Any office not placed by then comes off the invoice.

The campaign agreement sets every term.

### What the campaign includes

- On the shelf within one business day of delivery, at eye level where the pantry allows, with a display card: your two sentences, your allergen statement word for word, and a QR code unique to each office. You approve the card text before we print.
- Two photos per office: placement on day 1, a close shot on day 3 or 5. Top-ups from your reserve where an office runs out.
- A three-question anonymous employee survey; each office commits to five or more responses.
- No other chips and crisps brand in the same drop.

## What we learned

- What we learned from the drop, in plain words.
- Anything you might change: flavor, pack size, card copy.
- What the offices told us about timing and supply.

### Recommendation

Renew into which offices, adjust what, or stop, with the reason.

**Limitations.** Each number is a separate step, counted as stated. Delivered: our count at handoff. Placed: units visible in the placement photo; an office may hold some back for later. Depleted: from photos or the pantry owner's count by day 5; one person may take several, and sharing and disposal are invisible. Tuesday headcount: a range the office reports; not everyone visits the pantry. Survey responses: anonymous and self-selected, from small samples, so one answer can move a share by several points. A QR scan is curiosity, not intent. Code redemptions: reported by the brand; some of those people would have bought anyway. Retailer sales, where shown, are confounded by everything else that happened that month and are suggestive only. Incremental purchases were not measured, so this report does not show whether the campaign caused any sale.
