Route sheet · Tuesday 2027-01-12 · SAMPLE-DRP-001

Desk Drop · delivery model **founder** · 5 stops · founder [PHONE] · backup SAMPLE backup (briefed 2027-01-08)

Load: SAMPLE Brightside 250 units in 5 cases · SAMPLE Northbound 250 units in 13 cases. **18 cases in all.**

Start: leave [RECEIVING ADDRESS] by 07:10 with every case on the kit checklist, the reserve bags, the hand truck, this sheet and the certificate PDF on your phone.

Reserve units (carried by you in labeled bags; never left at an office): SAMPLE Brightside: 26 · SAMPLE Northbound: 9. Call [PHONE] for anything this sheet does not answer.

At every door

1. About 20 minutes out, text the owner the 'on my way' text drafted for that stop.
2. Arrive inside the receiving window. Security desk: give the pantry owner's name and your ID. Walk-up: go straight to the owner.
3. Hand the case to the owner, or place it yourself if they say so: eye level beside the snacks, never in a cabinet, card in front, allergen line showing.
4. Owner not there: leave it at the front desk ONLY where this sheet says Front desk OK: Y. Otherwise take it back, text the owner, and deliver again next morning before 10 am (still inside one business day). Never leave food unattended in a lobby.
5. Office declines at the door: take the case back, say thank you, write 0 handed over and note it below. Never leave it.
6. Anyone reports a problem with a product: take that product back, note what was said and when, call the founder now. Give no medical advice.
7. Two photos at every stop: one wide of the pantry, one close of the card and product. No people, faces, screens or whiteboards in the frame.
8. Write two counts per brand below before you leave: units handed over (what left your hands: the case count, or 0) and, if you placed it, the units you can see on the shelf.
9. Running late for a window: text the owner before the window opens with your new time. Never arrive after the window closes without their OK.

1. 08:10 · SAMPLE Northpoint Software SAMPLE-O-001 FIRST DROP

SAMPLE 110 Example Avenue, SAMPLE Floor 3

Arrived _____ Left _____ Handed to: owner ☐ front desk ☐ other ☐ · photos wide ☐ close ☐ · Slack post confirmed ☐

Issue _____

When the route is done

Cases you took back (declined, or owner out): they go back to [RECEIVING ADDRESS] with the reserve, sealed; write how many here _____ and redeliver next morning only where the owner was out.

If someone other than the founder ran it (a backup, if one ran it): today, send the photos and this sheet, every count and time filled in, to [FOUNDER NAME] at [PHONE]. Keep no copy: this sheet holds people's names and phone numbers. Shred any spare.

Founder, the same day

1. Tracker, stops tab: arrival, departure, handed to, outcome for every stop.
2. Inventory tab: one *delivered* row per office per brand, the **handed over** count, and who counted (founder_count or courier_count). None for an office that declined: its case stays in reserve (SOP section 4).
3. Photos: save as <campaign_id>_<office_id>_placement_<date>.jpg; one row each on the photos tab; the shelf count on the counts tab.
4. Issues tab: anything on this sheet's Issue lines. Hours tab: drop_day hours.
5. Tomorrow (T+1): placement confirmation to each brand (tools/make_messages.py).
6. Shred the printed sheets once their counts are in the tracker.
