**SAMPLE. Test data only: illustrative placeholders, not results. Never send or print for use.**

# Tracking sheet · Tuesday 2027-03-23 · SAMPLE-DRP-004

**Desk Drop** · delivery model **direct-ship** · 10 stops · founder [PHONE] · backup SAMPLE backup (briefed 2027-03-19)

**Shipped by the brands straight to the offices**: SAMPLE Brightside 440 units in 9 cartons · SAMPLE Tallgrass 440 units in 9 cartons. **18 cartons in all.**

**You carry** (shipped to you with the reserve): SAMPLE Brightside 75 units in 1 case · SAMPLE Tallgrass 75 units in 1 case. **Reserve with you** (for day-3 top-ups; never left at an office): SAMPLE Brightside: 52 · SAMPLE Tallgrass: 52. Call [PHONE] for anything this sheet does not answer.

### On the drop day

1. The carrier delivers on the drop day at no set time. From 8 am, watch each tracking number below; when one shows delivered, text that owner.
2. Each office counts the units in each carton and texts you the count with the placement photo (card in front, no people, screens or whiteboards). Write the count below.
3. Carton short or damaged: log a short_shipment (or damaged_or_short_dated) issue for that office, tell the brand today, and top up from your reserve on day 3.
4. Carton refused at the door: the carrier takes it back to the brand. Outcome declined; no received or delivered row; nothing goes into your reserve. Tell the brand today; the credit is on the placement confirmation (T+1).
5. No delivery shown by the end of the drop day: call the owner, then the brand, and log a late_arrival issue. A carton placed after T+1 is not placed within one business day.
6. FIRST DROP offices: be there yourself in the office's receiving window on the drop day.
7. YOU DELIVER offices (the front desk will not hold food): their cartons came to you with the reserve. Carry them in the office's window, as on a founder route (SOP section 3), and write the handed-over count.

Delivered (time) _____ · outcome _____ · issue _____

## When the day is done

**If someone other than the founder ran it (whoever watched the tracking or delivered by hand):** today, send the photos and this sheet, every count and time filled in, to [FOUNDER NAME] at [PHONE]. Keep no copy: this sheet holds people's names and phone numbers. Shred any spare.

### Founder, the same day

1. Tracker, stops tab: arrival, departure, handed to, outcome for every stop.
2. Inventory tab, for each office carton: one *received* row (office_id, **the office's count**, count_source office_count, lot and best-by from the brand's ship notice) and one *delivered* row with the same count (office_count). A carton refused at the door: outcome declined, **no** received or delivered row, nothing to reserve: the carrier returns it to the brand. The offices you delivered by hand: a delivered row only (founder_count); their cases were received with the reserve.
3. A short or damaged carton: an issue row for that office (short_shipment or damaged_or_short_dated); the approvals check asks for it.
4. Photos: save as <campaign_id>_<office_id>_placement_<date>.jpg; one row each on the photos tab; the shelf count on the counts tab.
5. Issues tab: anything on this sheet's Issue lines. Hours tab: drop_day hours.
6. Tomorrow (T+1): placement confirmation to each brand (tools/make_messages.py).
7. Shred the printed sheets once their counts are in the tracker.
