Route sheet · Tuesday 2027-02-23 · SAMPLE-DRP-003

Desk Drop · delivery model **courier** · 10 stops · founder [PHONE] · backup SAMPLE backup (briefed 2027-02-19)

Load: SAMPLE Saltmarsh 465 units in 10 cases. **10 cases in all.**

Courier: **SAMPLE Example Courier, booking SAMPLE-BK-0223, pickup 7:45 am**. Pick up at **[RECEIVING ADDRESS]** by **07:45** (20 minutes before the first stop; check it against the booking). Before driving off, count the cases against the Load line: _____ of 10 cases, signed _____. The founder meets you at every stop marked **FIRST DROP**.

Reserve units (stay with the founder; not on this route): SAMPLE Saltmarsh: 15. Call [PHONE] for anything this sheet does not answer.

At every door

1. You are delivering sealed, shelf-stable food for Desk Drop. Keep cases upright and off the floor of the vehicle. Hand each case to the person named, never to a stranger.
2. About 20 minutes before each stop, text the owner at the number below: "Courier for Desk Drop with your delivery, about 20 minutes away."
3. Arrive inside the receiving window. Security desk: give the pantry owner's name and your ID. Walk-up: go straight to the owner.
4. Hand the case to the owner, or place it yourself if they say so: eye level beside the snacks, never in a cabinet, card in front, allergen line showing.
5. Owner not there: leave it at the front desk ONLY where this sheet says Front desk OK: Y. Otherwise take it back and call the founder before you leave the building. Never leave food unattended in a lobby.
6. Office declines at the door: take the case back, say thank you, write 0 handed over and note it below. Bring it back (When the route is done).
7. Anyone reports a problem with a product: take that product back, note what was said and when, call the founder now. Give no medical advice.
8. Two photos at every stop: one wide of the pantry, one close of the card and product. No people, faces, screens or whiteboards in the frame.
9. Write two counts per brand below before you leave: units handed over (what left your hands: the case count, or 0) and, if you placed it, the units you can see on the shelf.
10. Running late for a window: text the owner before the window opens with your new time. Never arrive after the window closes without their OK.

When the route is done

Cases you took back (declined, or owner out with no front desk agreed): bring every one to [RECEIVING ADDRESS] today, or as the booking says; never leave one anywhere else. How many: _____ cases. Text the founder at [PHONE] when they are in.

If someone other than the founder ran it (the courier): today, send the photos and this sheet, every count and time filled in, to [FOUNDER NAME] at [PHONE]. Keep no copy: this sheet holds people's names and phone numbers. Shred any spare.

Founder, the same day

1. Tracker, stops tab: arrival, departure, handed to, outcome for every stop.
2. Inventory tab: one *delivered* row per office per brand, the **handed over** count, and who counted (founder_count or courier_count). None for an office that declined: its case stays in reserve (SOP section 4).
3. Photos: save as <campaign_id>_<office_id>_placement_<date>.jpg; one row each on the photos tab; the shelf count on the counts tab.
4. Issues tab: anything on this sheet's Issue lines. Hours tab: drop_day hours.
5. Tomorrow (T+1): placement confirmation to each brand (tools/make_messages.py).
6. Shred the printed sheets once their counts are in the tracker.
