What you send, and by when

- **Product:** 500 units plus 50 reserve (550 in all), freight prepaid, to one Manhattan address we send when you sign. Ship by Tue 2027-01-26. Each unit with 60 or more days of shelf life on arrival.
- **Certificate** of product liability insurance, $1M per occurrence or more, adding us as additional insured. Product ships only when we have it.
- **Ingredient and allergen sheet**, logo files, and two sentences for the card: who makes it and why.
- **A discount code** or landing page for the QR.

STANDARD PRICE

$1,500 10 offices, $150 per office

- 50% ($750) on signing, by bank transfer against our invoice.
- 50% at placement confirmation: the email with every office's placement photo.
- Extra offices $150 each, same terms.

What the campaign includes

- 10 offices in one walkable cluster: Flatiron, NoMad and Union Square.
- About 50 units per office, sized to each office's Tuesday headcount. One SKU, sealed and shelf-stable.
- Placement within one business day of delivery, at eye level in the pantry, with a display card: your two sentences, your allergen statement word for word, and a QR code unique to each office.
- A five-business-day window: Tue 2027-02-09 to Tue 2027-02-16.
- Two photos per office: placement on day 1, a close shot on day 3 or 5. Top-ups from your reserve where an office runs out.
- A three-question anonymous employee survey; each office commits to five or more responses.
- No other chips and crisps brand in the same drop.

The report

One page, by Fri 2027-02-19: units delivered and placed per office, units gone by day 5, survey responses with three comments word for word, QR scans by office, code redemptions to date, what we learned, and our recommendation: renew into which offices, adjust what, or stop. A mock page is overleaf. **No sales guarantee.** Each count is reported separately, and we say plainly that sales caused by the campaign are not measured.

Limitations

Each number is a separate step, counted as stated, and none of them is a sale. Delivered: our count at handoff. Placed: units visible in the placement photo; an office may hold some back for later. Depleted: from photos or the pantry owner's count by day 5; one person may take several, and sharing and disposal are invisible. Tuesday headcount: a range the office reports; not everyone visits the pantry. Survey responses: anonymous and self-selected, from small samples, so one answer can move a share by several points. A QR scan is curiosity, not intent. Code redemptions: reported by the brand; some of those people would have bought anyway. Retailer sales, where shown, are confounded by everything else that happened that month and are suggestive only. Incremental purchases were not measured, so this report does not show whether the campaign caused any sale.
